Thanks Melanie,
Let me know if you get any additional information.
Rob

Hi Rob,

I do believe it is... Michelle Chan has us make a change to it recently. Just to be sure, I'll ask around and see if I can get a better answer.

Melanie,
Can you verify that the Ag Preserve layer is up-to-date?
Thanks,
Rob

Hi Robert,

Randy sent me your inquiry regarding ag preserves on specific APNs. Attached is a map of what the GIS shows - it should be the same on the application. I'm not sure why there is no zoning designation as you mentioned, but perhaps Dag would be able to offer some assistance.

Let me know if you need anything else,
Melanie

Subject: Ag Preserve designations

Randy,

I have a concern about two parcels that appear to be within an Agricultural Preserve, yet the zoning does not identify an "A" special use designator.

The parcels are 611-110-01-00 and 611-100-07-00. Can you verify if the GIS data I'm looking at is accurate and that these two parcels do lie within an Ag Preserve? The Ag Preserve is identified as Preserve No. 30, McCain Valley in the PDS Land Information Tool that I'm looking at.

Can you have this on my desk by 7am tomorrow?

Thanks,
Rob
